

## Highfurlong School 'Inspire, Challenge, Believe' PE Premium Report 2020-21

### **PE and sports premium 2020-21**

The new move day curriculum that was introduced in the last academic year was a great success for Highfurlong school. Evidence showed that pupils made good progress in PE and thoroughly enjoyed the day embedded in physical activity. This was scheduled to continue this academic year but as with most things had been considerably disrupted by the pandemic. With that in mind I still believe that our pupils accessed a high quality PE offer as and when this was possible. Some more able cohorts of pupils also accessed PE remotely. Highfurlong's PE and Sports Premium is effectively planned for and budgeted to support our primary pupils in a range of areas and create sporting opportunities for our learners that they may not be able to access outside of school. Please see the attached One Stop Shop planning document for the PE and Sports Premium for the year 2020-2021.

### **Sports Premium**

PE and Sports Premium was introduced in March 2013 to improve the provision of physical activity/education in Primary Schools across England. The £320 million per year is funded jointly by the Department for Education, Health and Culture, Media and Sport (DfE, DH, DCMS). This funding is allocated directly to primary school pupils and is ring fenced by a specific set of boundaries regulating what this money can be spent on. This money has only been guaranteed for the school year of 2020/21. The Government released on the 17.6.21 that PE and Sports premium will be allocated to primary pupils for the academic year 2021/22. A detailed 1SS document has been created to highlight the areas of need, for targeted intervention of the funding. This document has been based on a predicted allocated funding model based on 37 pupils meeting the criteria, with a £10.00 allocation, and the £16,000 allocated to schools with 17+ pupils.

### **Our allocation**

The DfE have an understanding that this money is vital in supporting the health and wellbeing of England's primary school students through sport therefore this figure is similar to previous years funding received. Highfurlong School's allocation for the Financial Year 2020/21 is **£16,902.85**. Over the last three years Highfurlong's PE Team have ring fenced this sports premium ensuring that it is meeting Government requirements, as well as the schools strategic plan to promote our pupils physical development (see 20/21 One Stop Shop).

### Key achievements/improvements

Key achievements to date: 16.6.21	Areas of further improvement and baseline evidence of need
<p>The continuation of the ‘Move day’ (albeit looking very different to originally planned) has been another glowing success for Highfurlong school pupils and staff. The day is something that the pupils and staff should be proud of, creating an enjoyable working environment, embedded in physical activity and positive mental health. Being able to embed so many different skills, subjects, and topics into sport has worked really well, this has also had a large impact on pupils attainment in many areas of the curriculum, including sport.</p> <p>Resilience - the staff and pupils' resilience has been tested over this academic year, especially in regards to getting active and continuing their physical education during lockdowns or periods of isolation. With this in mind more able classes have been enjoying a varied move curriculum, both in school and from home through remote education. Through teachers initiatives, and drive to ensure all pupils can access PE, we have shown the continuation of fun filled physical activities and physical skill progression.</p> <p>Successful move from the old PE assessment to Bsquared academic and sensory pathways. This year has provided teachers with the opportunities in Autumn term to baseline pupils on the new assessment system and then the first and second data capture for PE.</p>	<p>Continued data gathering. This academic year we have had 2 data captures. This has begun to show staff the areas of good progress, and areas of further support needed. Over the next academic year, as the data continues to be gathered, a clearer picture will be gathered with clear areas to focus on.</p> <p>My personal Best training - (MPB). This academic year and last we have been lucky enough to participate in the MPB training provided by the Youth Sport Trust, and the resources provided on this. CAL has built in this invaluable training to feed through the new PE curriculum. Due to the disruptions this year CAL made the decision to focus on getting pupils active, and hold the launch of this initiative. We look forward to launching this in the next academic year through the new move curriculum map.</p> <p>A broad range of sporting experiences for our pupils, as well as opportunities for competitive sports.</p>

## Highfurlong School ‘Inspire, Challenge, Believe’ PE Premium Report 2020-21

### Meeting national curriculum requirements for swimming and water safety

What percentage of your current year 6 cohort swim confidently, confidently and proficient over a distance of at least 25 meters?	0%
What percentage of your current year 6 cohort use a range of strokes effectively (for example, front stroke, backstroke and breaststroke)?	0%
What percentage of your current year 6 cohort perform safe self rescue in different water based situations.	0%
Schools can choose to use the primary PE and sports premium to provide additional provision for swimming but this must be for activities over and above the national curriculum requirements. Has PE and sports premium been used in this way?	No

In the academic year of 2020/21 we have 7 pupils in year 6, 1 of these pupils meet the criteria for National Curriculum swimming. When looking at the above percentages it is important to keep in mind the needs of these learners, and the additional support required. Due to the pool closures and the restrictions Covid has brought pupils have not been able to access swimming in the consistent way we once had. Since starting our swimming programme, data shows that they have made good progress in their swimming. These targets will be something we continue to strive for with these pupils as they commence into their secondary school journey.

YST Membership empowers all schools to achieve the mission of creating a brighter future for young people. It is vital our network of schools is at the heart of everything we do. Highfurlong are part of a committed and passionate movement towards a more active generation, helping to provide happy, healthy and successful young people, no matter their need. We receive YST Updates programme access, exclusive offers and discounts, up to date releases and news, and early award entries.	YST Membership	£210.00	YST membership has promoted staff and subject leaders' confidence in new sports, general PE delivery, PE management, and many other areas. As well as providing great CPD opportunities, the regular updates and newsletters keep the PE lead up to date with all covid restrictions related to PESSPA, any regulation changes, and what is up and coming throughout the year. They have provided some fantastic resources that we have invested in to support our PE delivery, and cannot wait for these to arrive. It has also allowed less confident staff to enhance their own learning. Thus has influenced the quality of teaching and learning in PESSPA sessions.	1.24%
<b>Key indicator 3:</b> Increased confidence, knowledge and skills of all staff in teaching PE and sport.				Percentage of total allocation
Intent	Implementation	Funding spent	Impact	(approx)%
To increase participation rates in PESSPA sessions, including sports	BST Sport SLA	£1,772.73	The impact of this provision has been extraordinary, even though it has been reduced	10.49%
